# WAX STICKS

Stips of coloured wax, kneadable by hand to fill small holes and minor damages. WAX STICKS have the same expansion coefficient as wood, do not schrink and have excellent adhesion properties.

R

- » A mixture of several waxes
- » Coloured with pigments.

#### 14gr

## **APPLICATION**

Select the right colour. Make the WAX STICK kneadable by hand and apply with a knife or a putty knife.

### FINISHING

WAX STICKS can be finished with an oil or varnish from the Ciranova® range of products.
